

Congratulations on completing the Microsoft 365 Certification. Certified applications have been vetted against controls derived from leading industry frameworks and demonstrate the latest security and compliance practices to protect customer data.

The mission of the Microsoft 365 App Compliance Program is to increase customers' trust in the applications used in their organizations. By having your app Microsoft 365 Certified you are helping us build a stronger and more trustworthy app ecosystem. Thank you for your support.

I hereby attest the following application has undergone and completed the Microsoft 365 Certification:

- Perform & Engage 365

This certification was completed 5/23/2025 and is valid for one year from issuance.

A handwritten signature in black ink, appearing to read "Tony Balkan".

Tony Balkan, Principal Program Manager
