Verification of quality management system

I confirm that I have assessed the management system in Zensai International ApS and verified its compliance with the requirements of ISO 9001:2015. Zensai International ApS consistently delivers products and services to meet customer expectations as well as relevant legal and regulatory standards.

Implementing a quality management system is a strategic choice for Zensai International ApS, as it supports the company's efforts to enhance performance and provides a solid foundation for sustainable development initiatives. Their commitment to quality is further demonstrated through structured feedback mechanisms that ensure customer needs remain at the core of their operations.

The management system is certified in accordance with ISO 27001:2022 and ISO 27701:2019, and I can confirm that its scope is expanded to fulfill the requirements of ISO 9001:2015.

Compliance is reassessed through an internal audit once a year. Therefore, this verification remains valid until February 2nd, 2027.

Kolding, February 2nd, 2026

Pernille Krogh Hansen
Lead Auditor ISO 9001
